Arboga municipality is a member of Stockholm Business Alliance and Logistikregionen.

Arboga gives among other things access to:

- Two major railways, Mäljarbanan and Svealandsbanan.
- Two major highways, E18 and E20.
- A region with 500 000 people within 30 minutes – Örebro, Västerås and Eskilstuna.
- 40% of Sweden's population within 2,5 hours.
- One of Sweden's biggest lake ports within 15 minutes and a dryport within 45 minutes.
- Three airports within 45 minutes - Örebro, Västerås and Eskilstuna.
- Land in strategic positions with splinter track connection direct to the railways.
- Three centers for higher education in the region and good access to labour.
- Several big companies already established within the area, among others, Swedens leading consultants within ICT logistics systems.
